Biography

Collin Martin is an insatiable figure in the world of platform artistry. Collin Martin has created multi-functional cuts with a keen eye while employing unconventional 3D sculpting for the past 14 years. His unconventional approach to hair has, in the words of a colleague, "brought the avant-garde to the people."

From small classrooms to auditoriums, stylists, industry personnel, and enthusiasts have heard Collin's voice trembling with visceral excitement as he openly dissects his approach to the structure of hairstyles—his "construction process"—and the tools he uses to create finery for his exclusive clientele.

Crediting his strong artistic background and over two decades of working with his hands, Collin has built and demonstrates a new philosophy concerning haircuts' inner workings.

Collin graduated from Masters of Cosmetology, a Pivot Point Member School, in 2007. Upon obtaining his Master Educator's License three years ago, he began doggedly chasing a new yet functional approach to hair manageability, from shampooing to finalized style.

Depending on products such as SEVEN and Hattori Hanzo Shears, Collin continues to reinvent himself and his art across the continental United States.

Hanzo Class Testimonial

"When we announced that we were hosting a Hattori Hanzo cutting class, it took no time at all to gather stylists from over 20 salons in the greater Richmond area to laugh, mingle, and learn from an amazing educator. Our artist bestowed his passion and knowledge of the industry upon an eager audience, and he was humble and gracious all the while. Every salon should be so lucky to host such an event!"

Kate Montgomery, Parlor Salon Richmond, VA
